

“The funding for the space to run additional courses will further help us to reduce poverty and combat isolation in the Redcar and Cleveland area.”

Ruth Fox

Footprints in the Community

Project:

Budget cooking and money management

Subject:

Health, well-being and sports
Training, support and practical skills

Location:

Redcar, Redcar and Cleveland

Overview:

Footprints in the Community provides a variety of services and support to residents in and Redcar and the surrounding areas, with the aim of addressing isolation and poverty. Two of these projects include Foodbank and Next Step Shop which provides a members' shop, enabling members can purchase 10 food items for just £2 per week.

As part of these schemes, the charity has organised a two-year programme of cooking on a budget and money management training sessions them to help residents to manage their finances.

£4,894 was awarded to the charity to purchase the necessary equipment to refurbish a fit-for-purpose training room and kitchen which has already supported four cooking on a budget courses and four money management courses throughout 2018.
